SINUG 2017

FUNCTIONAL UROLOGY AND UROGYNÆCOLOGY

23th, 24th and 25th
November 2017
Puerto de la Cruz
Tenerife. Spain

SCIENTIFIC PROGRAM

Dear friends,

It is a pleasure to have you in SINUG 2017 course on Functional Urology and Urogynaecology. We have formed this programme with different lectures on Urology, Urogynaecology and Physical Therapy following the work style that SINUG has developed in recent years: up-to-date scientific programme, Spanish and international speakers with trustworthy scientific quality and communicating skills, creating opportunities for debate and encouraging delegates' participation.

Joining up new professionals is SINUG's upmost challenge, and together we are getting a referral society on Urogynaecology and Neurourology, establishing ourselves as the meeting place for those professionals in this area with an international impact.

We expect that the programme is of your interest and we hope that you like our island as the venue for the course.

David Castro Díaz
Bárbara Padilla Fernández
SINUG 2017 Course directors

THURSDAY NOVEMBER 23th

All scientific sessions take place in ROOM 1, with the exception of the simultaneous workshops indicated.

15.00-15.50	Registration
15.50-16.00	Welcome
16.00-17.45	Session: Update on Uro-Gynaecology and Neuro-Urology (1st Part) Chairmen: Luis Prieto · Manuel Ravina
16.00-16.15	Underactive bladder Francisco Cruz
16.15-16.30	Medical imaging Cristina Ros
16.30-16.45	Microbiome and LUTS Enrique Broseta
16.45-17.00	Genital cosmetic surgery Montserrat Espuña
17.00-17.30	Coffee break - Exhibition area
17.30-17.45	Laser in urogynaecology Mar Muñoz
17.50-18.50	ASTELLAS Symposium: Why don't OAB patients adhere to treatment? Drug, patient or clinician? Improving adherence is everyone's business
18.50-20.00	SINUG General Meeting
20.00	Welcome reception

FRIDAY NOVEMBER 24th

All scientific sessions take place in ROOM 1, with the exception of the simultaneous workshops indicated.

08.00-09.00	Round table: Case discussion on female urinary incontinence Chairman: Jordi Cassadó Speakers: Juan Carlos Castaño · David Hernández · Merycarla Pichardo
09.00-10.20	Session: Functional disorders in men Chairmen: Tomás Concepción · José Miguel Puyol
09.00-09.15	SIUD Lecture: HBP and Parkinson, how should we manage it? Enrico Finazzi
09.15-09.30	Evaluation and management of Nocturia Luis López-Fando · Alejandro Tarazona
09.30-09.45	MIPS Lecture: Role of physical therapy in post-prostatectomy incontinence (PPI) Inés Ramírez
09.45-10.05	Face-to-Face: Adjustable male sling, which one works better? Juan Manuel Aristizábal · Carmen González Enguita
10.05-10.20	Complications in male reconstructive surgery Saskia Morgenstern
10.20-10.45	Coffee break - Exhibition area
10.45-11.45	BOSTON Symposium: Artificial urinary sphincter in women
11.45-12.55	Session: Functional disorders in women Chairmen: María Justa García Matres · Ana Llorca
11.45-12.00	Oestrogens and LUT: when and how? José Antonio Saavedra
12.00-12.15	Non-antimicrobial prophylaxis for recurrent UTI María Fernanda Lorenzo
12.15-12.35	APNUG Lecture: Update on Bladder Pain Syndrome/IC Paulo Dinis
12.35-12.55	Turkish Continence Society Lecture: Female urinary retention Tufan Tarcan
12.55-13.55	MEDTRONIC Symposium: Pelvic floor dysfunctions: What does technology offer?

FRIDAY NOVEMBER 24th

13.55-15.30	Lunch break - Exhibition area
15.30-17.10	Session: Update on female pelvic floor reconstruction (ICS) Chairmen: David Castro · Bárbara Padilla
15.30-15.50	Native tissue vaginal repair Elise De
15.50-16.10	Tips and tricks in the repair of vesicovaginal fistula Sherif Mourad
16.10-16.30	Management of pain after pelvic floor reconstruction Elise De
16.30-16.50	The integral theory Alejandro Tarazona
16.50-17.10	Update in cis and trans urethroplasty Ervin Kocjancic
17.10-17.35	Coffee break - Exhibition area
17.35-18.40	Session: Update on Uro-Gynaecology and Neuro-Urology (2nd Part) Chairmen: Joaquín Carela · José María Sánchez Merino
17.35-17.50	Surgery for POP and UI Irene Díez
17.50-18.10	Patient reported outcomes: what are they and how should we use them? Miguel Jiménez Cidre
18.10-18.25	Does it make sense to use transdermal oxybutynin after 13 years? Pedro Blasco · Raúl Vozmediano
18.25-18.40	Botulinum Toxin Lluis Peri
18.40-20.00	Simultaneous workshops: Male urinary incontinence ROOM 2 Argimiro Collado · Carlos Errando · Raquel González · Roberto Martínez Chronic pelvic pain José María Adot · Stéphanie Kauffmann · María Isabel Valdivia Eduardo Vicente
21.00-00.00	Gala dinner

SATURDAY NOVEMBER 25th

All scientific sessions take place in ROOM 1, with the exception of the simultaneous workshops indicated.

08.00-10.00	Simultaneous workshops: POP ROOM 2 Evaluation, conservative treatment Abián Fernández · Isabel Montes · Cristina Naranjo Classical surgery Elisa López-Herrero · Alicia Martín · María Antonia Pascual
08.30-10.00	Neurogenic Bladder Albert Borau · Adrián Gutiérrez · Daniel García Javier Sánchez Rodríguez-Losada
10.00-11.00	NEOMEDIC Symposium: Key treatments in effort urinary incontinence
11.00-11.30	Coffee break - Exhibition area
11.30-12.30	Closing session Chairmen: Juan Carlos Garmendia · Guadalupe Guerrero
11.30-11.45	Proposal for a Urogynaecology subspecialty programme María Antonia Pascual
11.45-12.15	Face-to-Face: Single incision sling vs. TOT for stress urinary incontinence Blanca Madurga · Alicia Martín
12.15-12.30	Adult enuresis Roberto Martínez
12.30-13.10	Wellspect Healthcare Update: New challenges in CIC: Hypoactive bladder
13.10-14.10	Round table: Management of recurrent urinary incontinence Chairman: Carlos Müller Speakers: José Medina Polo · José Luis Poza · Alejandro Tarazona Carmen Zubiaur
14.10-14.30	LACER Lecture: A new therapy for overactive bladder management: Pharmacologic profile of Propiverine
14.30-14.45	Closing ceremony
